Educational technology performance support for checking the time, setting reminders, retrieving worksheets, and instruction manuals. : Selling, Automating and Globalizing Higher Education in the Digital Age, Tanner Mirrlees and Shahid Alvi (2019) argue "EdTech is no exception to industry ownership and market rules" and "define the EdTech industries as all the privately owned companies currently involved in the financing, production and distribution of commercial hardware, software, cultural goods, services and platforms for the educational market with the goal of turning a profit. When referred to with its abbreviation, "EdTech", it often refers to the industry of companies that create educational technology. Such devices as iPads are used for helping disabled Educational technology (commonly abbreviated as edutech, or edtech) is the combined use of computer hardware, software, and educational theory and practice to facilitate learning and teaching. Wikipedia:Language learning centre/Word list Eventually these words will all be translated into big lists in many different languages and using the words in phrase contexts as a resource. workpiece workpieces workplace workplaces workroom workrooms works worksheet worksheets workshop workshops workshy workspace workstation workstations worktop Drawing up a comprehensive list of words in English is important as a reference when learning a language as it will show the equivalent words you need to learn in the other language to achieve fluency. A big list will constantly show you what words you don't know and what you need to work on and is useful for testing yourself. You can use the list to generate your own lists in whatever language you're learning and to test yourself 9491ac451a
