The paper closely follows political progress on LGBTQ+ rights around the world, and carries interviews with cultural figures and politicians, including the gay marriage debate in the UK, and has participated in campaigns such as Out4Marriage. 13150143aa

Gray horse This is how to discern a gray horse from a white horse. White horses usually have pink skin and sometimes even have A gray horse (or grey horse) has a coat color characterized by progressive depigmentation of the colored hairs of the coat. White hairs begin to appear at or shortly after birth and become progressively more prevalent as the horse ages as white hairs become intermingled with hairs of other colors. Most gray horses have black skin and dark eyes; unlike some equine dilution genes and some other genes that lead to depigmentation, gray does not affect skin or eye color. were white at birth) and dark eyes. Gray horses may be born any base color, depending on other color genes present. Graying can occur at different rates—very quickly on one horse and very slowly on another. As adults, most gray horses eventually become completely white, though some retain intermixed light and dark hairs 13150143aa
