

Guide To Canadian Vegetable Gardening

Vegetable Gardening Guides

With information about what plants grow best in our country's diverse regions, and helpful Canadian resources that help readers find everything they need to get gardening, this book is essential reading for any Canadian with a green thumb. In addition, Gardening Basics For Canadians For Dummies also covers all the new tools and additives available to make gardening easier. Gardening Basics For Canadians For Dummies has been revised to help the beginner gardener get started, providing all the information you'll need on flowers beds and borders, trees, shrubs, and lawns to landscape your property. It also includes step-by-step plans for organic and edible gardens, specific regional gardens, and butterfly and children's gardens. The book gives helpful tips controlling pests safely, managing weeds, and correcting common gardening problems 9c3b5edaa7

Your eagerness to get growing in the spring can be rained out by seemingly endless seedlings and seed packs at your garden centre, all with cryptic planting instructions that leave you with withered plants rather than crunchy carrots. From Canada's #1 garden team, a guide that makes growing your own fruits, vegetables and herbs simple, bountiful and fun Nothing beats the taste and smell of a tomato freshly picked from your own garden.), and he shares not just which veggies, fruits and herbs have become Frankie's Favourites, but also which plants just aren't worth the effort. He guides you through the entire growing season from prepping and planning, to planting, weeding and harvesting (the best part. Food to Grow simplifies every growing decision you'll need to make. Frankie Flowers has decades of experience helping thumbs of all colours turn barren patches and empty pots into bountiful harvests—and he can help you do the same. Loaded with gorgeous photography that will have you desperate to get digging, Food to Grow includes a detailed A-Z index of over fifty of Canada's most popular home crops. But growing your own fruits, vegetables and herbs can be time-consuming and feel overwhelmingly complicated. But it doesn't need to be that way. Frankie helps you evaluate your space, decide just how much time you want to invest and then make the smartest choices about which plants will give you the best bang for your buck. And there's a certain pride in knowing that the salad you just served—fresh strawberries and all—was harvested entirely from your backyard. Whether you have space for a few pots or a back forty, Frankie Flowers will help you make your dream of home-grown treats a fun and tasty reality 9c3b5edaa7

Each guide provides the information the gardener requires to plan, plant, care for, harvest and enjoy a particular vegetable. This is primarily a collection of \"guides\" for popular vegetables and herbs 9c3b5edaa7
