Superman/Batman explores the camaraderie, antagonism, and friendship between its title characters. Jeph Loeb, the series' first writer, introduced a dual-narrator technique to present the characters' often opposing viewpoints and estimations of each other, which subsequent series writers have maintained. Prior to the events of Batman and the Outsiders #1 (1983), the two iconic characters were depicted as the best of friends. Frank Miller's landmark series The Dark Knight Returns subsequently depicted the heroes as adversaries in a future timeline. This dynamic became standard with John Byrne's The Man of Steel, a Superman reboot published in 1986. 47620b1777
